The meeting of the McCook County Commission was called to order in their Meeting Room by Chairman Chuck Mehlbrech.

Members present: Tom Heumiller, Marc Dick, Steve Gordon, and Charles Liesinger.

Chairman Mehlbrech led the Pledge of Allegiance.

Chairman Mehlbrech called for approval of the agenda. Auditor Sherman noted that Michelle Stubkjaer, HR Consultant, won't be on site today so budget review will be done at 8:30 a.m. instead of an Executive Session. Motion Gordon to approve the agenda with change noted. Second Heumiller. Motion carried.

The minutes from the July 22<sup>nd</sup> meeting were sent to Board members for review prior to publication. Motion Heumiller to approve these minutes for publication. Second Gordon. Motion carried.

Commissioner Reports: Comm Heumiller noted that he looked at a box culvert on 256 St east of SD81 with and at the request of Barney Roling, Salem Twp. Roling inquired about funds that the County has for townships to replace culverts. Heumiller told Roling that he'd check into this. Auditor Sherman stated that Roling is probably talking about RAIF funds. Liesinger explained that there are guidelines that townships must follow to qualify for RAIF funds. Comm Gordon informed the Board that the deck is being placed on bridge #44-180-068, located north of Montrose.

Conflict of Interest: none noted.

Mike Fink met with the Commission on behalf of Kevin Wieman to inquire about rezoning property from Agricultural to Rural Residential prior to sale; NW4 Ex Waechters Tr 1-5 located in SW4NW4, 3-101-53. Motion Gordon to convene as Drainage Commission. Second Dick. Motion carried.

Mic Kreutzfeldt, Drainage Administrator, and Mike Fink, States Attorney, met with the Board to discuss the future of drainage administration. Anna Flogstad, Dir of Equalization/Zoning Administrator, Angie McCormick, Equalization/Zoning Clerk, and Isaac Kipp, Staff Appraiser, were present. Kreutzfeldt noted that working with the drainage ordinance keeps landowners talking, it's a good thing. Fink added that this Commission has done well by the drainage ordinance. Auditor Sherman presented information provided by counties who do have a drainage ordinance and several who rescinded their ordinance; noting that the positions of drainage administrator and zoning administrator were combined in several of the counties. Flogstad added that she spends 90% of her time working on Planning & Zoning, leaving little time to take care of Assessor duties. And Kipp noted that there are currently 400 open building permits. Sherman informed the Board that there is an individual who is interested in the position of drainage administrator. Liesinger stated that this job needs to be posted, whether it is decided to combine the two positions or not.

appropriation for 2026 would be \$328,710.40. Comm Mehlbrech asked if it could be a 1-year contract. Stiefvater stated that with a 1-year contract, the County would be looking at a \$400,000 appropriation for 2026.

Tyler Ruhd, Director of Business Development Infotech Solutions, presented quotes and options to the Commission for monthly Managed IT services and cybersecurity services; one quote w/o Register of Deeds & Sheriff's Office (as it is now) and one quote including both offices. Anna Flogstad, Zoning Administrator, informed the Board that Donald Larson is here today to discuss proposed subdivision and rezoning with them. Mike Healy accompanied Larson. Healy asked if a drainage plan or erosion control plan are required. Zoning Administrator stated that what's needed is whatever the Subdivision Regulations say. Mike Fink, States Attorney, joined the meeting. Comm Dick noted inconsistencies in the language of the 2014 Revised Zoning Regulations. Fink offered recommended language to amend the existing ordinance. Fink added that Ag use can be permitted use in rural residential zone, but the Board needs to be concerned with allowed uses. Auditor Sherman reminded the Board that Cori Kaufmann, prior Zoning Administrator, gave them a book of revisions for the 2014 Revised Zoning Regulations, several years ago, noting that this would be a good place to start reviewing the existing regulations.

The Board reconvened as the Board of County Commissioners.

Roger Hofer met with the Commission to request an additional 3' culvert be placed near a 2' culvert on 438<sup>th</sup> Ave, approximately 1550' north of SD42, noting that the road acts as a dam. Auditor Sherman informed the Board that per Hwy Supt Raap this project would require a hydrology study, and Hofer would be required to file a drainage permit. Hofer asked about a watershed study. Comm Gordon suggested Hofer contact the Vermillion Basin Water Development District regarding assistance with payment for a hydrology study. The request for a second culvert was denied.

Motion Dick to convene as Planning Commission. Second Liesinger. Motion carried.
